

Call for proposals: Current research on eighteenth-century Switzerland

Dear Ladies and Gentlemen,

The *Swiss Journal for Eighteenth-Century Studies* would like to invite you to submit article proposals for issue no. 15 (2024).

xviii.ch offers the opportunity to publish scholarly articles, annotated editions of selected sources, or essays on current research trends on all aspects of eighteenth-century intellectual, social, or cultural history that directly or indirectly concern the area of Switzerland. Articles in German, French, Italian or English are published in parallel in printed and electronic form (Open Access Gold). All publication costs are covered by the Swiss Society for the Study of the Eighteenth Century and the Swiss Academy of Humanities and Social Sciences. Supervision by an interdisciplinary editorial team and a double peer review process contribute to quality assurance. We would also like to explicitly encourage young researchers from all disciplines dealing with the Age of Enlightenment to submit article proposals from their ongoing projects to the editorial team.

Proposals for an article of no more than one page (including contact details) can be sent by email to info@xviii.ch by **6 August 2023**. The editors will then review the proposals and invite the selected authors to submit their article by 31 December 2023 (publication guarantee subject to acceptance in the subsequent external peer review).

If you have any questions, please do not hesitate to contact us. You can also find more information about the journal on our website: www.xviii.ch

In addition, we are grateful if you spread this message among the researchers at your institute.

Yours sincerely,

The Editorial Board of *xviii.ch*
